Family Promise of Morris County

Mission & Values

Our Mission

Family Promise of Morris County mobilizes community resources and people to end the crisis of homelessness faced by Morris County families and individuals; providing a continuum of services leading to self-sufficiency.

Vision for the Community

Strengthen our community by transforming lives impacted by homelessness through hope, dignity and compassion.

Agency Values

In everything we do, in every decision we make, Family Promise of Morris County will adhere to these values: The Right to self-determination of the people we serve; Non-judgmental attitude; Family first, regardless of family status; Empowerment vs. enabling; Mutual respect and integrity.

Background

Family Promise of Morris County is a 501(C)(3) nonprofit organization modeled after Family Promise (formerly Interfaith Hospitality Network) started in Union County in 1986. This program has been replicated nationwide, involving **200,000 volunteers** from over **200+** affiliates, serving over **825,000 FAMILY MEMBERS** since its founding.

Who We Are

Family Promise of Morris County was created in 1988, in response to the growing number of homeless families in Morris County, NJ. We provide a continuum of services to the community through our shelter, housing and outreach programs. These include a housing voucher program that consists of up to 40 vouchers from various government sources, transitional housing for those impacted by domestic violence, a drop-in center in downtown Morristown, and a mobile outreach van.

“It’s such a stressful situation to not know where to go to find all the different types of help that would allow me to stay safely with my children. Family Promise of Morris County knew and connected me to all the right people and programs that allowed my family to stay together.”

Family Promise of Morris County

Programs

Family Promise of Morris County continually adapts and expands its programs where they are needed to best serve the community.

Emergency Shelter Program

Goal: Transition families and individuals from homelessness to permanent housing.

Emergency Shelter (ESP)

Unique in our approach, we partner with over **80 local congregations of different faiths** to provide shelter space, overnight staffing and meals to our families, making Family Promise of Morris County the most cost-effective local shelter program today. We provide intensive 24-hour case management, transportation, direct financial support, financial literacy education, in-kind donations, holiday assistance, and access to medical and mental health services for families and single women.

Housing Programs

Goal: Support families and individuals in securing and maintaining permanent housing.

Community Support (CSP)

Families and individuals who are graduates of our shelter or other local programs and those precariously housed in the community receive **24-hour crisis intervention**, in-home case management, referrals and linkage to needed services.

Abigail House (AH)

Finding affordable housing in Morris County is the first of many challenges homeless families face in becoming self-sufficient. AH is a collaboration with Christ Church of Rockaway that **provides safe and affordable apartments** for families impacted by Domestic Violence.

Fact: 2.5 million children are homeless each year.

Keys to Housing (KH)

Our housing voucher program consists of up to **40 housing vouchers** from local, regional and federal partnerships. The landlord / tenant component provides incentives to landlords and education to tenants.

Outreach Programs

Goal: Increase access to community services and resources.

Our Promise Drop-in Center (OP)

Based out of The First Baptist Church of Morristown, OP serves the needs of the chronically homeless, transient homeless, veterans, those exiting from jails and hospitals, and those who are precariously housed, providing the following services: phone and computer access, mailing address, restrooms, warming / cooling center, information and referral, linkage to medical, mental health and dental services, case management, systems advocacy and more.

Coordinated Entry (CE)

Community service partners focused on ending homelessness in Morris County work together to find real solutions that will bring families and individuals closer to home with every step. We serve as one of two lead agencies for CE and the OP Drop-in Center acts as one of two access points. Our staff works directly with those awaiting shelter and housing services and links them to available community resources.

Single Stop (SS)

Single Stop is a program focused on building partnerships with fellow community service providers to increase the incomes of individuals and families by screening for benefits eligibility. From there, a benefits enroller helps eligible individuals apply for these benefits and provides other referrals and follow-up as needed.

Fact: Since 1960, rents nationwide have risen 61% while renters' average incomes have only increased by 5%.

Navigating Hope (NH)

Navigating Hope is a partnership between Family Promise of Morris County and Morris County Human Services that utilizes an outreach van to provide case management and a variety of services, including Single Stop screenings, to families and individuals in the community. The van targets hard-to-reach communities and populations and is intended to fill traditional gaps in community service provision.
